

“Our wine list at Hibiscus has been carefully chosen by myself, my sommelier Bastien Ferreri, my good friend Isabelle Legeron MW, and the team.

In my search for great suppliers, I tend to work with small food producers and craftsmen whose work results in a purity of produce that is fundamental to the building of a delicious meal. The produce is grown with care and little interference, in biodiverse environments that enable it to flourish and develop complex flavours, without the taint of additives or gadgetry.

It gives me much pleasure, therefore, to be able to introduce some of this ethos into my wine list, by including a diverse, eclectic range of ‘natural’ vineyards to sit alongside our more classical wines. These bottles, with their unique flavours, aromas and characteristics, enhance and compliment many of my dishes. Should you choose one of our wine pairing offerings there will be an opportunity to try some of them.”

Bonne Santé,
Claude Bosi
Chef/Patron

Our 350+ bin list features a hugely diverse selection of wines, across a large range of vintages, colours (white, orange, rosé and red) and styles, including magnums, ports and digestifs. This is offered alongside a fine collection of artisan spirits, grower vermouth, craft beers, single estate teas, fresh juices and cocktails designed by our in-house team.

An example of the sorts of wines to be found on our list is provided below. Selections are amended regularly to reflect seasonal flavours.
